

ASTRA SPEC RN17 FULLY SYNTHETIC

PRODUCT DESCRIPTION:

ASTRA SPEC RN17 is a premium engine oil engineered to meet RN17, Renault's latest specification for vehicles, including Renault, Dacia, and Samsung models equipped with TGDI and EURO VI engines. Its fully synthetic base ensures excellent thermal stability and low volatility, preventing varnish and sludge buildup while maintaining engine cleanliness. With exceptional oxidation resistance, this lubricant supports extended oil drain intervals as recommended by manufacturers. ASTRA SPEC RN17 upholds high-quality standards, delivering optimal engine performance and prolonged component life through rapid and efficient lubrication across various temperature conditions.

APPLICATION:

ASTRA SPEC RN17 is designed for most gasoline engines (except Renault Sport & Alpine) and new Euro 6d diesel engines (2018 onwards) as well as all Diesel without DPF.

ASTRA SPEC RN17 is suitable for use in vehicles where a Renault RN 17 specification SAE 5W30 lubricant is required. The RN17 standard does not apply to diesel engines requiring RN0720.

FEATURES & BENEFITS:

- Advanced engine protection under all driving conditions.
- Prolongs the life and maintain the efficiency of particulate filters and catalytic converters.
- Keep engine clean from deposits for optimal efficiency and long life.
- Excellent protection against viscosity and thermal breakdown

PERFORMANCE LEVELS / MEETS OR EXCEEDS:

SAE GRADE	5W-30
ACEA-23	C3
RENAULT	RN17
MB	226.52

TYPICAL PROPERTIES:

PARAMETERS	ASTM	UNIT	ASTRA SPEC RN17
SAE Grades			5W-30
Kinematic Viscosity @ 104°F /40°C	D445	cSt	TBR
Kinematic Viscosity @ 212°F /100°C	D445	cSt	11.9
Viscosity Index (min)	D2270	-	160
Density@15°C/ 60°F	D4052	g/cm ³	TBR
Flash Point (min)	D92	°C	220
Pour Point (max)	D97	°C	-39

DISCLAIMER: The test data presented above is for reference only and not a specification. It may vary within acceptable production tolerances. Alpha reserves the right to update this data, with the latest version of the Technical Data Sheet (TDS) taking precedence over previous versions.

HEALTH & SAFETY, ENVIRONMENT:

Extended and repeated exposure to oil may lead to skin issues. Avoid contact. If contact occurs, wash immediately with soap and water. Do not dispose of used oil in drains or the environment. Instead, take it to an authorized oil collection facility. For more safety information, please refer to the MSDS available on our website: www.alphaoil.ae

HEALTH & SAFETY:

When used correctly in the recommended application and with proper personal hygiene, this product is unlikely to pose significant health or safety risks. For detailed safety information, refer to the Safety Data Sheet (SDS), available upon request from your local sales office or online. www.alphaoil.ae

PROTECT THE ENVIRONMENT:

Dispose of used oil at an authorized collection point. Follow local regulations and avoid releasing it into drains, soil, or water.

STORAGE:

We recommend storing all packages under cover. If outdoor storage is necessary, drums should be placed horizontally to prevent water ingress and protect drum markings. Products should not be stored above 60°C or exposed to direct sunlight or freezing conditions.
