

AVEX POWER STEERING FLUID

PRODUCT DESCRIPTION:

AVEX POWER STEERING FLUID is a premium fully synthetic oil formulated for power steering and suspension systems. It features a unique blend of anti-shudder additives, dispersants, and seal swell agents, combined with high-quality synthetic base oils. This advanced formulation provides maximum wear protection, extended service life, and reduced viscosity loss, ensuring smooth and reliable performance.

APPLICATION:

AVEX POWER STEERING FLUID is specifically designed and recommended for use in the power steering units of all Honda vehicles, as well as Rover models 416i, 825, and 827 that use Honda power steering components. It is also suitable for high-performance applications in vehicles such as the Ford Tickford series, AU, BA & BF XR, FPV, and Territory SX-SY series. The advanced synthetic base oils and higher viscosity help reduce pump wear and maintain optimal steering feel, particularly in applications where extra heat and load are expected.

FEATURES & BENEFITS:

- Correct viscosity for Honda Power Steering units
- Compatible with OEM fluid
- Reduces power steering shudder (noise & chatter)
- Extends seal and hose life
- Multiple use power steering & suspension
- Long Service life
- Protects against rust and corrosion

PERFORMANCE LEVELS / MEETS OR EXCEEDS:

- Ford M2C134-C
- Ford M2C134-D
- Honda PSF-II
- Honda PSF-S
- Honda PSF-V

TYPICAL PROPERTIES:

PARAMETERS	ASTM	UNIT	AVEX POWER STEERING FLUID
KV @ 104°F / 40°C	D7042	cSt	TBR
KV @ 212°F / 100°C	D7042	cSt	11.7
Viscosity Index	D2270	-	140
Density@15°C	D4052	g/cm3	TBR
Flash Point (min)	D92	°C	200
Pour Point (max)	D97	°C	-42

DISCLAIMER: The test data presented above is for reference only and not a specification. It may vary within acceptable production tolerances. Alpha reserves the right to update this data, with the latest version of the Technical Data Sheet (TDS) taking precedence over previous versions.

HEALTH & SAFETY, ENVIRONMENT:

Extended and repeated exposure to oil may lead to skin issues. Avoid contact. If contact occurs, wash immediately with soap and water. Do not dispose of used oil in drains or the environment. Instead, take it to an authorized oil collection facility. For more safety information, please refer to the MSDS available on our website: www.alphaoil.ae

HEALTH & SAFETY:

When used correctly in the recommended application and with proper personal hygiene, this product is unlikely to pose significant health or safety risks. For detailed safety information, refer to the Safety Data Sheet (SDS), available upon request from your local sales office or online. www.alphaoil.ae

PROTECT THE ENVIRONMENT:

Dispose of used oil at an authorized collection point. Follow local regulations and avoid releasing it into drains, soil, or water.

STORAGE:

We recommend storing all packages under cover. If outdoor storage is necessary, drums should be placed horizontally to prevent water ingress and protect drum markings. Products should not be stored above 60°C or exposed to direct sunlight or freezing conditions.
